

swisstray – the ideal ashtray to go

For the first time, the swisstray meets all the functional requirements of an ashtray to go. It is produced in Switzerland and is characterised by the following features:

Advantages and benefits swisstray:

1. **Odour-proof** – So that no unpleasant odours escape
2. **Distribution-proof** – Safety closure prevents unintentional emptying in the bag
3. **Integrated extinction aid** – For easy, safe extinguishing of the cigarette
4. **Heat resistant** – Ensuring form stability
5. **One-hand operation** – Can also be used in a standing position, e.g. in front of a bus or train.
6. **Easy cleaning** – Opening on both sides enables quick and uncomplicated cleaning
7. **Handy** – Lies comfortably in the hand, ideal size for hand or trouser pockets
8. **Very light** – Weighs only 15 grams, so there is hardly any additional weight
9. **Is also a table ashtray** – Can be used like a normal ashtray
10. **Attractive design** – Incentive to gladly carry the swisstray with you
11. **Arouses positive emotions** – He seems likeable and you like to keep him
12. **Sustainable** – is used repeatedly over a long period of time
